Review: worst fish ever no idea what the hell that was but it was gross. Lots of batter and minced fish. Better fish from grocery store. Nuff said. Looked good though.

Review

Overall good taste. House coleslaw good fries a bit too salty for me but good flavour with a bit of spice. Tartar sauce good. Rockfish cod not as beefy as I like but well cooked and a light crispy batter. Would order again.

Review: Now that was good fish and chips. Great taste and real pieces of fish. Great flavour enjoyed every morsel. Highly recommend this place. Nice atmosphere. Great view of False Creek and Awesome Beer. The batter is light and crispy and the fish is nice and thick.
